ABSTRACT

The peacekeeping operations performed by the Garuda Contingent in Lebanon include all four activities, namely: Military operations; Prevention, containment, moderation, and termination of hostilities between or within states to restore and maintain peace. The function, timing, and level of coercion of Indonesian peacekeeping forces in Lebanon can be categorized as Peacemaking, Peacekeeping, and Post-conflict peace building. Indonesian Peacekeeping mission in Lebanon serve all functions of peacekeeping, namely: Traditional Peacekeeping, managing transition, Peace enforcement, wider Peacekeeping, and Peace support operations.

The evaluation of Peacekeeping operation which is evaluated using questionnaires based on the material of preparation training (pre-deployment training) in accordance with non standards of both theory and application (PMPP TNI, 2011) can be categorized as ranging from positive and highly positive.

The performance of the Peacekeeping mission as evaluated based on the fulfillment of the mission to UN Security Council resolutions mandate to restore peace and security in the region in the context of Disarmament, Demobilization and Reintegration, (traditional Peacekeeping) is categorized as positive. The performance of the peacekeeping mission, also evaluated based UN Security Council resolutions new mandate to provide protection to civilians population and to secure humanitarian aid mission in the mission area is categorized as highly positive.
